

Our Earth

Approximate
diameter
of the
Earth:

8,000 miles

Approximate
circumference
of the
Earth:

25,000 miles

Greatest
height:

Mt. Everest
29,028
feet above
sea level

Greatest
depth:

Mariana Trench
36,201
feet below
sea level

Distance
to the sun:

93,020,000
miles

Complete revolution in:
365d, 5h, 48m, 46s

-at 66,700 mph-

Complete rotation in:
23h, 56m

-at 1,000 mph-

Distance
to the moon:

238,857
miles

Total surface area: 197,000,000 square miles

Total land area: 57,900,000 square miles
